

Sponsorship Opportunities

Sowing Strength,
Harvesting Leadership

A Women in Agriculture NL
Workshop

Monday, August 24, 2026
Marble Mountain Resort,
Steady Brook, NL

Women in Agriculture NL

Women in Agriculture NL (WIA-NL) is a not-for-profit organization incorporated in 2025 with the mission to empower women in agriculture to find and use their voice, and a vision to foster a vibrant community of women in agriculture in Newfoundland and Labrador.

Sowing Strength, Harvesting Leadership Workshop

This workshop is a full day designed to empower, connect, and support women across Newfoundland and Labrador's agriculture and agri-food industry. We will bring together 100+ participants for a meaningful day of leadership development, peer connection, and wellness-focused programming.

Expect practical skills workshops, empowering talks from local women, networking opportunities and more. This event uniquely integrates mental health awareness and resilience-building alongside professional development. We recognize that strong leaders are not only skilled and knowledgeable, but also supported, well, and connected.
