

Sponsorship Opportunities

Rooted in Resilience

A Women in Agriculture NL Workshop

Monday, August 18
Marble Mountain Resort,
Steady Brook, NL

Women in Agriculture NL

Women in Agriculture NL (WIA-NL) is a not-for-profit organization incorporated in 2025 with the mission to empower women in agriculture to find and use their voice, and a vision to foster a vibrant community of women in agriculture in Newfoundland and Labrador.

Rooted in Resilience Workshop

This workshop is a full day of learning, connection and inspiration as we celebrate and support the vital role of women in agriculture across Newfoundland and Labrador.

Expect practical skills workshops, empowering talks from local women, networking opportunities and more. Whether you're a lifelong farmer, a new grower, a woman working within the industry or just exploring agriculture as a career path — you belong here.
